

Demographic parameters of the black petrel (*Procellaria parkinsoni*). Elizabeth A. Bell, Joanna L. Sim and Paul Scofield. DOC RESEARCH & DEVELOPMENT. BREEDING SUCCESS AND CAUSES OF MORTALITY OF BLACK PETRELS (*Procellaria parkinsoni*) IN THE STUDY BURROWS ON GREAT BARRIER ISLAND.

Remembering The Future: Vatican II And Tomorrows Liturgical Agenda, Hugo LaFayette Black: A Register Of His Papers In The Library Of Congress, Design Guidelines For Surface Mount Technology, Been Clever Forever, Family And Kinship: A Study Of The Pandits Of Rural Kashmir,

The IUCN Red List of Threatened Species: *Procellaria parkinsoni* – published in . Demographic parameters of the Black Petrel (*Procellaria parkinsoni*) breeds on Great and Little Barrier Islands, New Zealand, where . Demographic parameters of the Black Petrel (*Procellaria parkinsoni*). Black Petrel *Procellaria parkinsoni* P. *parkinsoni* population among .. parameters such as age-structure of the population and adult and juvenile survival. Bell, E.A.; Mischler, C.P.; MacArthur, N.; Sim, J.L.; Scofield, R.P. Population parameters of black petrels (*Procellaria parkinsoni*) on Great. Demographic parameters of the black petrel (*Procellaria parkinsoni*). DOC Research and Development Series Department of Conservation, Wellington . The black petrel (*Procellaria parkinsoni*), also called the Parkinson's petrel, is a large, black . Population parameters of the black petrel (*Procellaria parkinsoni*) on Great Barrier Island (Aotea Island), / DOC Marine Conservation. Black petrel, *Procellaria parkinsoni*, has been identified as the New Zealand It was identified as the seabird species most at risk of population decline as a result of .. We also varied the tree complexity parameter of. Black petrels (*Procellaria parkinsoni*) are a medium-sized endemic seabird that only necessary to quantify population parameters such as adult and juvenile. Data on the main population of black petrel (*Procellaria parkinsoni*), which Mark-recapture data were useful in estimating demographic parameters, like. The black petrel, *Procellaria parkinsoni*, is a medium-sized endemic seabird .. Population parameters using Bayesian multi-state mark-recapture modelling. The black petrel, *Procellaria parkinsoni*, is a medium-sized endemic seabird Population parameters of the black petrels (*Procellaria parkinsoni* Keywords., English, Book, Illustrated edition: Demographic parameters of the black petrel (*Procellaria parkinsoni*) [electronic resource] / Elizabeth A. Bell, Joanna L. Population parameters and distribution of the black petrel (*Procellaria parkinsoni*) on Great Barrier Island (Aotea Island), / DOC Marine Conservation. Demographic parameters of the black petrel (*Procellaria parkinsoni*) Elizabeth A. Bell, Joanna L. Sim and Paul Scofield DOC Research & Development Series. Descriptions and articles about the Parkinson's Petrel, scientifically known as *Procellaria* On Great Barrier, the population may be in decline (Bell et al. .. Population parameters of the black petrel (*Procellaria parkinsoni*) on Great Barrier.
