

Asymptotic waveform evaluation (AWE) and other moment matching techniques have recently proven useful in the analysis of interconnect structures and. Asymptotic Waveform Evaluation. And Moment Matching for Interconnect Analysis. Series: The Springer International Series in Engineering and Computer .

Outside Broadcaster: An Autobiography, Individual Criminal Responsibility In International Law, Darkened Waters: A Review Of The History, Science, And Technology Associated With The Exxon Valdez O, Violence And Responsibility: The Individual, The Family, And Society, Determinants And Matrices, Ordnance Survey Historical Map & Guide, Principals Responses To Interpersonal Conflict Occurring In Secondary Schools, Te Ata: Maori Art From The East Coast, New Zealand, Usability Evaluation And Interface Design: Cognitive Engineering, Intelligent Agents And Virtual Rea,

Asymptotic Waveform Evaluation and Moment Matching for Interconnect Analysis Peter Feldmann, Roland W. Freund, Efficient linear circuit analysis by Pade?. Asymptotic Waveform Evaluation: And Moment Matching for Interconnect Analysis (The Springer International Series in Engineering and Computer Science) [Eli. Asymptotic waveform evaluation and moment matching for interconnect analysis. Responsibility: Eli Chiprout and Michel S. Nakhla. Imprint: Boston: Kluwer., English, Book, Illustrated edition: Asymptotic waveform evaluation and moment matching for interconnect analysis / Eli Chiprout and Michel S. Nakhla. UPC: Title: Asymptotic Waveform Evaluation: And Moment Matching for Interconnect Analysis () by Eli Chiprout ; Michel. Asymptotic waveform evaluation (AWE), which is based upon with AWE and moment-matching methods as they apply to circuit analysis problems. the analysis of large, lumped RLC interconnect-circuit analysis problems and printed circuit. A. Rohrer, Asymptotic waveform evaluation for timing analysis, IEEE Asymptotic Waveform Evaluation and Moment Matching for Interconnect Analysis, Kluwer. AWE is a moment matching technique first used in the analysis of linear circuit .. Interconnect simulation with asymptotic waveform evaluation (awe), IEEE. Download Citation on ResearchGate Asymptotic Waveform Evaluation for Timing The RLC interconnect model may contain floating capacitors, grounded by matching the initial boundary conditions and the first  $2q - 1$  moments of the. with Asymptotic Waveform Evaluation (AWE) The interconnect analysis problem Moment-matching techniques (MMT) and Pade approximation for reducing. And Moment Matching for Interconnect Analysis Eli Chiprout, Michel S. Nakhla The method was dubbed as asymptotic waveform evaluation because of its. Title: Asymptotic Waveform Evaluation: And Moment Matching for Interconnect Analysis Format: Paperback Dimensions pages, ? A generalization of the asymptotic waveform evaluation method to handle interconnect Analysis of high-speed VLSI interconnects using the asymptotic waveform . The asymptotic waveform evaluation (AWE), which is a moment matching.
